

The 21st International Conference on Secondary Ion Mass Spectrometry - SIMS XXI, will be held in Kraków from 10th till 15th September 2017.

The conference will provide a forum for colleagues from both academia and industries throughout the World to exchange results and new ideas on Secondary Ion Mass Spectrometry and related techniques. The conference will cover advancements of scientific knowledge from fundamentals to applications. Discussion on present possibilities and future development of the technique, in view of the future requirements coming from technology and basic research, will be particularly solicited also with dedicated discussion sessions.

The motto of the conference is "New frontiers" as it will focus on recent advances and breakthroughs in Fundamentals and Applications. Furthermore, it will be organized for the first time in one of the former eastern block countries.

Low student's conference fee and inexpensive housing at University dormitories are provided to strongly encourage students to participate in the meeting. We cordially invite you to attend SIMSXXI in Krakow. We hope that you will enjoy not only the scientific atmosphere during the conference, but also a beautiful city with its outstanding cultural heritages and current cultural activities.

Prof. Zbigniew Postawa (Chairman)
